Activities to Support Learning

Watch it

Follow the links to documentaries/ programmes/online tutorials that will support learning.

There are loads of interesting videos on www.transum.org. Click on Maths Videos in the Teacher list. There are videos on topics you will have covered in class but also on things such as 'A Brief History of Pi' and 'A History of the Calendar'.

Explore it

Have a look at the following websites. There are lots of activities, quizzes and materials that may help to develop your knowledge and understanding of the subject.

Choose a topic from one of the videos on transum. Using the information in the video and other websites design a powerpoint presentation on your chosen topic. Include facts, pictures and the maths related to it.

Try it

Why not challenge yourself and complete one of these extension tasks?

This website has a puzzle a day for 42 days.
