| <p>1. The Kinds of Special Educational Needs (SEN)for which provision is made at the school.</p> | <p><i>What kinds of Special Education Needs and Disabilities (SEND) do pupils have in your school?</i></p> | <p>Children are identified as having SEND when they have significantly greater difficulty in learning than the majority of children of the same age or have a disability which hinders them from making use of education facilities of a kind provided for children of the same age in schools with the area of the Local Authority (SEND Regulations 2014).</p> <p>Students at Cardinal Newman Catholic High School (CNCHS) have a range of additional needs including: Communication and Interaction; Cognition and Learning; Social, Emotional and Mental Health; Sensory or Physical Difficulties and Medical needs.</p> |
| <p>2. Information, in relation to mainstream schools about the school’s policies for the identification and assessment of pupils with SEN</p> | <p><i>How do you know if my child needs extra help?</i></p> | <p>When your child first joins CNCHS, we use information from a range of sources to help identify SEND and other needs. These include information from parents/carers; application form information; primary school teachers and support staff; end of key stage 2 assessments; baseline testing; information, assessments and reports from specialists and external agencies.</p> <p>Our class teachers, Heads of Departments and Pastoral staff closely monitor the attainment of all students, including those who have or may have SEND. The continuous monitoring of students during their time at CNCHS will further identify pupil with SEND. This identification may come from form tutors, subject teachers, support staff, pastoral staff, the school chaplain, outside agencies, parents/carers or the pupils themselves. The information provided is considered by the SEND team and a plan is put in place depending on the area of need. If it is thought that the family requires support than a referral can be made to the Early Help team.</p> <p>The school follows a staged process and graduated approach to identifying and assessing needs, using the ‘Assess, Plan, Do, Review’ model. Intervention is triggered when a pupil who, despite receiving adapted learning opportunities, does not make expected progress.</p> <p>All students with SEND are included on the SEN and Monitoring registers which are accessible to all staff. Staff use this information to inform their lesson planning, teaching and student learning</p> |

| | <p><i>with SEND with their learning?</i></p> <p><i>How are the school's resources allocated and matched to children's SEN?</i></p> <p><i>How is the decision made about how much/what support my child will receive?</i></p> | <p>Resources are allocated based on evidence of need and effectiveness. Students with an EHCP or are in receipt of school resources and local authority funding from the high needs block have resources allocated as outlined in their plan. Teaching assistants are allocated, where resources allow, to support students in lessons and intervention programs identified which is reviewed in their SEND Support Plan. There is liaison between teaching staff and teaching assistant to ensure maximum learning. The teaching assistants have a huge range of skills in supporting students, assisting staff and helping parents/carers.</p> <p>Students with EHCPs have targets and strategies set by the SEND department via the SEND Support Plan. Annual reviews involving the pupil, teaching assistant, parents/carers and if appropriate the subject staff and other professionals, evaluate the targets and strategies. This review informs any decision on the support the child will receive.</p> |
| <p>3f. How the school enables pupils with SEN to engage in the activities of the school(including physical activities) together with children who do not have SEN.</p> | <p><i>What social activities are available for pupils with SEND?</i></p> | <p>A large range of academic, extra-curricular activities and homework support are available at CNCHS at break, lunch and after school and these are open to all pupils including those with SEND. Where necessary additional support is put in place to allow the student to access the activity. Regular updates are given to pupils via the form tutor and information screens around school.</p> <p>Day and residential trips are open to all pupils and your child's specific needs can be discussed and planned for if they wish to attend a particular trip.</p> |
| <p>3g. Support that is available for improving the emotional, mental and social development of pupils with SEN.</p> | <p><i>What support will there be for my child's overall well-being?</i></p> | <p>At CNCHS we take our pastoral responsibilities very seriously and a considerable amount of staffing resources are available to support the emotional health and wellbeing of all our pupils including those with SEND.</p> <p>Each child is assigned a form tutor who will (in most cases) remain with them as they progress up the school. This provided continuity and builds a strong relationship between tutor and pupil.</p> <p>Where staffing resources are available, teaching assistants are kept consistent in subjects so that continuity of support is provided. In this way SEND pupils then have additional staff that can support their emotional health and wellbeing as necessary.</p> |
